

Eli's car washing service

Welcome to the wonderful art of car washing. Meet Eli, a 12 year old boy who is washing cars to earn money. Due to Covid-19, young entrepreneurs might not get that much attention, yet Eli is determined.

Why Eli and not a drive through?

First, Eli invests in eco-friendly products, like organic Dr. Bronner's soap and all-natural window cleaner. Second, Eli is flexible. He can go to your dwelling, or you can bring your car to him. Third, Eli has a sliding scale. You pay based on Eli's performance, ranging from Eli's dad's bad mood price (\$5) to his grandmother's good mood price (\$32).

Thanks for reading to the end of this flyer. Hope to hear from you soon!

If interested, you may call or text my dad (Roman) at **510-265-9198**. Or, you can drop the form off at 978 Glen Dr. Thanks.

Eli
